Hiroshima Gate Park MAP P16 ▶

A bustling civic park that is becoming the gateway to a new lifestyle of enthusiasm, excitement, and inspiration.

In the spring of 2023, the site of the former Hiroshima Municipal Baseball Stadium is being reborn as a civic park. Like the former stadium, it will be a familiar and inviting place for everyone. A place where people can relax in peace and comfort amid nature, suited to the way each individual likes to spend their time. A place where everyone can cheer for the future of Hiroshima, just as they were inspired and cheered with enthusiasm for the Carp, and which everyone can support as a new attraction of Hiroshima. A place not only for relaxation, but also for experiences overflowing with inspiration, excitement, and warm enthusiasm. The future of Hiroshima begins from this park.

There are a variety of cafes and restaurants within the vast grounds of the park.
